DESCRIPTION:

The Emergency Management Institute offers discussion-based VTTX throughout the year to provide a virtual forum for disaster training. These VTTXs enable each site to assess current plans, policies, and procedures while learning from other connected sites as they face similar situations. These events enable all participants to exercise the knowledge, skills, and abilities needed to effectively conduct all-hazards emergency mitigation, response, and recovery. Lead facilitation for this exercise will be coordinated by the FEMA Emergency Management Institute, with a dedicated local agency facilitator on-site to ensure the common delivery and understanding of exercise materials and discussion questions among those participating. This VTTX will include a Hazard Awareness briefing, three discussion modules with guided questions, an out-brief with EMI, and a local hot wash.

HOW TO REGISTER:

To register for this exercise or if you have any questions, please contact Lexi Passaro at 717-264-2813 or by email at aapassaro@franklincountypa.gov. Additional information will be distributed to confirmed participants. Save the dates for future Virtual Tabletops: 09/10/2015
